**MORALE, WELFARE, AND RECREATION
LEISURE-TIME GUIDE**

**UNITED STATES
AIR FORCE ACADEMY**

D305.6/2:

Welcome to the United States Air Force Academy. This brochure will introduce to you all of the facilities and programs the Academy Morale, Welfare, and Recreation deputate has to offer.

The Academy is an ideal place to pursue leisure-time recreational interests. Our extensive, well-rounded social and recreation program is open to all active duty and retired military and their family members. Academy civilians and their family members are also eligible to use many of the facilities.

The Academy is unique in that we have two Morale, Welfare and Recreation programs. Base personnel are eligible and invited to participate in many of the Cadet Welfare and Recreation (CWR) programs such as the Theater Variety Series and Allied Arts Concerts. Cadets are also allowed to use many of the Base MWR facilities.

The MWR program offers a Noncommis-

sioned Officers' Club with a barbershop, an Officers' Club, two 18-hole Golf Courses, Bowling Center, Child Care Center, Preschool, Youth Center, Aero Club, Recreation Center, Stables, Gymnasium, MWR Supply, Class VI Store, Auto Hobby Shop, Wood Hobby Shop, Arts and Crafts Hobby Shop, and Farish Memorial.

The CWR program offers Barber and Beauty Shop, Arnie's Lounge, Graphics Shop, Recreation Supply, Entertainment Office, Bowling Center, Cadet Wing Media, Arnold Hall Theater, and Information Ticket & Tour Office.

We sincerely welcome any comments or recommendations that would further improve or expand our services. Our goal is to provide you and your family with the best possible programs. To achieve this goal, we need your input and your support. Enjoy your stay at the Academy and make the most of your leisure time.

MWR SUPPLY

MWR Supply has a complete rental line of recreation equipment for most sporting and outdoor activities. Currently, there are over 65 types of equipment, ranging from tents, campers, and related camping equipment to canoes, fishing equipment, and skis. Available sporting equipment includes badminton sets; softball equipment; basketballs; tennis equipment; horseshoe sets; and more. One of the most popular features of MWR Supply is the Academy Ski Shop. Downhill and cross-country skis, boots, and poles are available for rent at a fraction of the normal area cost. There are also discount ski lift tickets available for a number of the major ski areas. Articles may be rented on a daily, weekly, or week-end basis for extremely low prices.

RECREATION CENTER

The Recreation Center offers a complete adult social recreation program of continuing leisure classes, programs, and activities geared to the interests of all military and base personnel. It has a fully equipped game room and a TV room with cable television. A large ballroom is used for bands, Air Force entertainment groups, and other special programs. For patrons' use within the center, guitars, a saxophone, a clarinet, or a piano may be used free of charge.

CLASSES

Classes include aerobic dancing, martial arts, Lamaze, guitar, cake decorating, microwave cooking, and a variety of self-enrichment workshops. Other classes will be offered upon request.

FALCON INFORMATION TICKET AND TOUR OFFICE

The Information Ticket and Tour office, located within the Recreation Center, offers all the convenience and services of a professional travel agency. This is a complete travel information office which assists in making reservations for hotels, resorts, and ground and air transportation. Discount tickets are available for national and local attractions, major sporting events, concerts, and local theaters. This office sponsors many Academy trips, such as overnight, week-long, and week-end skiing trips, and special shopping ventures. Trips to Mesa Verde, the Grand Canyon, and Yellowstone are popular with base personnel. We welcome you to visit our center and look over the countless travel brochures we have available for use in planning your next vacation.

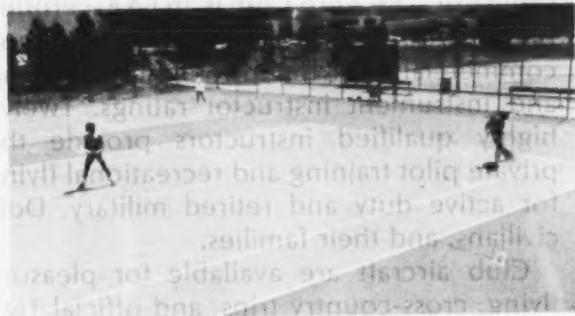

SNACK BAR

The snack bar, located within the Recreation Center, offers hot sandwiches, nachos, pizza, and your favorite beverages. Delicious daily lunch specials are offered at very reasonable prices. During the summer months, outdoor barbeques featuring live entertainment are held in the courtyard.

GYMNASIUM

The Community Center Gymnasium offers patrons a wide variety of activities. It features an indoor swimming pool, outdoor swimming pool (located by the Officers' Club), exercise and weight room with universal and free weights, locker rooms, saunas, basketball court, volleyball facilities, a 20-station outdoor parcourse, 8 tennis courts, as well as athletic equipment to check out.

We offer an extensive, well-rounded sports program which includes varsity, intramural, and individual activities. The intramural sports include flag football, basketball, racquetball, handball, volleyball, golf, softball, badminton, tennis, horseshoes, and soccer. The varsity program includes basketball, volleyball, golf, bowling, racquetball, softball, and cross-country skiing. Active duty military, DoD civilians, and retired personnel may participate in the intramural program; however, only active duty military personnel may play on the base teams. The extramural women's softball league is open to active duty military, DoD civilians, retirees, and their family members.

AERO CLUB

The Academy Aero Club currently operates 14 aircraft, including nine Cessna 172 Skyhawks, three T-41As, one T-41B, and one Piper Arrow. Most of the aircraft are completely equipped for instrument flight. The club also operates a GAT-1 flight simulator. The Aero Club is an FAA-certified pilot school offering training for private, commercial, instrument, flight instructor, and instrument instructor ratings. Twelve highly qualified instructors provide the private pilot training and recreational flying for active duty and retired military, DoD civilians, and their families.

Club aircraft are available for pleasure flying, cross-country trips, and official TDY travel. Light aircraft flying in Colorado is a highly pleasing and rewarding experience with normally cloudless skies and unlimited visibility. There are many areas of natural and historic significance within easy flying range of the light aircraft.

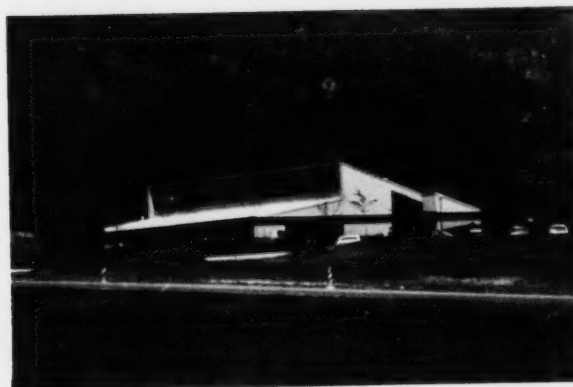

CHILD CARE CENTER

The Academy Child Care Center is much more than a baby-sitting service. It is an early childhood development center for children ages 6 months to 10 years. Specific guidelines set by the Air Force, including caregiver/child ratios, caregiver training, and program and nutritional requirements, are strictly adhered to, ensuring the well-being of the child. Catering to the needs of the individual child, the center places children in five separate age groups. Child development programs are set up to meet the physical, social, emotional, and intellectual needs of all children and to give them the protection and security they need while away from their parents. Activities include art, music, drama, movies, educational television, story time, art and crafts, demonstrations, and special field trips. There is also a well-equipped playground located in the front of the Child Care Center. The center participates in the United States Department of Agriculture (USDA) Food Program, which ensures children have nutritious food during their stay.

Parents are invited to visit the center at any time to talk with the director and teachers about their children and the overall Child Care Center program.

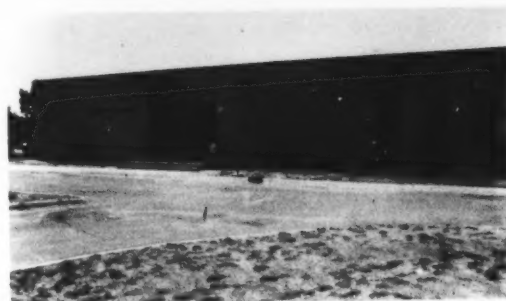

YOUTH CENTER

The Falcon Trail Youth Center offers quality programs for Academy youth and provides a much needed service for working parents. The center is equipped with an activities room, gymnastics room, snack bar, large screen television with VCR, and many game tables and activities to entertain the youth.

With activities geared towards family members ages 6 to 18, the Youth Center provides a well-rounded program for base youth, whether they are family members of military personnel or DoD employees. Classes are offered in karate, gymnastics, dance, tennis, swimming, and kindergym. These programs are run on a year-round basis. The youth sports program is extensive with activities scheduled year round in football, hockey, basketball, soccer, baseball, T-ball, bowling, and a competition swim team. Special activities include carnivals, tiny tot olympics, family bingo, movies, theme parties and games, ski trips, and much more.

The Before and After School Program is very popular with the working parents at the Academy. This program runs from September through May and features breakfast and an afternoon snack. Structured activities are planned for the children while they are at the facility. A day

camp program is featured during the summer months. Outdoor activities, games, arts and crafts projects, and field trips help provide a busy and exciting day for each child registered in the program. All of these programs are ideal for working parents with young children.

The entire Youth Center staff works constantly to bring new and exciting activities to the USAFA youth.

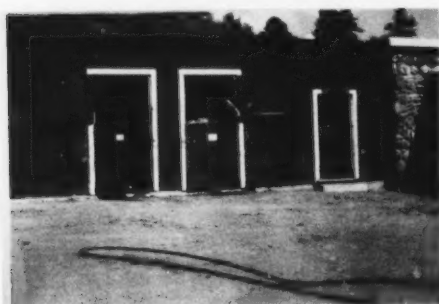

STABLES

The Academy Stables have about 24 horses available for rent by the hour or day, from April to October, and for lease by the season during the fall and winter. Boarding facilities are also available for 65 privately-owned horses on a full or partial-care basis. Located

within the Academy boundaries are 50 miles of beautiful riding trails. During the spring and summer months, numerous trail rides are conducted, and all types and levels of instructional classes are offered.

BOWLING CENTER

The Academy Lanes Bowling Center offers year-round bowling. The center has 20 fully automatic lanes, a complete pro shop, an excellent snack bar, a game room with many amusement machines, and rental lockers. House balls and shoes are also available.

The fully equipped pro shop offers professional ball drilling for a wide variety of brands, colors, and weights. Bowling bags, shoes, balls, and accessories are also available. Shirts and non-stocked items may be special ordered.

League play is very popular at this facility. There are leagues for men, women, mixed, youth, etc. Intramural and varsity play are also available. Special programs include scotch doubles tournaments, late-night discount bowling, parent-child leagues, youth bowling, jackpot bowling, and turkey shoots. This top-notch facility also has fees that are among the lowest in the Air Force.

GOLF COURSE

The Eisenhower Golf Course has two 18-hole, par 72, golf courses.

The Blue Course, our championship course, was designed by Robert Trent Jones, Sr., and has been rated for years as one of the top five courses in Colorado. The Silver Course is an ideal complement to the Blue Course. The course is equipped with a well-stocked pro shop, men's and ladies' locker rooms, club storage, an AAFES-operated

restaurant, and a lounge run by the Officers' Open Mess. The driving range and three practice putting greens are extremely popular. Golf instruction, clinics, and beneficial tips to men, women, and children are available from PGA-qualified, professional instructors. An advanced green fee program is available for the more frequent golfer, as well as a daily green fee system for the occasional golfer. Clubs and power and handcarts are available for rent.

ARTS AND CRAFTS COMPLEX

ARTS AND CRAFTS CENTER

The Academy Arts and Crafts Center offers a wide variety of fine arts, fine crafts, and hobby crafts to stimulate the mental, social, and physical well-being of the military community. A full-service ceramic shop is

available to pour molds, decorate, glaze, and fire ceramic forms from a stock of more than 800 molds. Greenware is also available from the shelf or can be special ordered. There are five kilns operating, making the waiting time for firing greenware and glazed pieces usually less than 48 hours. The center sponsors a wide range of instructional classes for beginning, intermediate, and advanced artists, featuring pouring, ceramics, antique restoration, needle crafts, airbrushing, pottery, photography, woodcarving, mat cutting, porcelain doll making, stained glass, and painting which includes acrylic, water color, still life, landscapes, and portraits. All classes are offered throughout the year at a nominal cost. Also, special events are held at the center throughout the year, including two art festivals, two open houses, and several art shows. In addition, several command level photography contests are held, with the winners sent to Air Force level for further competition. Take advantage of the fantastic programs the center has to offer.

AUTO HOBBY SHOP

With the rising cost of car/motorcycle repair and general maintenance, use of the Academy Auto Hobby Shop can save you money. This is one of the finest facilities in the Air Force, consisting of a fully stocked machine shop complete with tool crib, five work stalls, three lube racks, two lift stalls, a welding stall, an alignment machine, four car wash stalls, four vacuums, and a steam cleaning pad. The enclosed car wash stalls are very popular. Also available is equipment for steam cleaning engines, changing tires, spin balancing tires, charging batteries, and cleaning spark plugs. A large selection of tools and motor manuals are available as well as on-hand technical advice. Classes are held throughout the year upon request. Oil, filters, plugs, fluids, and many more items may be purchased at the AAFES Auto Parts Store, located next door to the Auto Hobby Shop.

WOOD HOBBY SHOP

The Academy Wood Hobby Shop offers a wide variety of power equipment including a planer, lathe, band saws, shaper, sanders, routers, radial saw, radial miter, drill press, framing saw, and table saws. A tool crib provides the patron with hand and power

tools to work selected projects. A trained instructor is on duty during operating hours to assist the patrons and ensure compliance with safety practices. Classes are offered in equipment qualification and framing. Other classes can be held upon request.

PRESCHOOL

The Academy Preschool operates from 1 September to 31 May, with holidays concurrent with School District 20. A wide variety of creative learning experiences are provided for 3 and 4 year olds. The children are provided a daily planned program which includes free play, interest centers, music and rhythm, arts and crafts, language, arts, and snack time. Number and reading readiness activities are incorporated into every-day happenings. The location of the

preschool, in the woods next to the picnic areas, allows for frequent nature walks and experiences. All instructors have at least a bachelor's degree in early childhood development. All military assigned to or living on the Academy are eligible to enroll their children. Civilians assigned to the Academy, and other military living in the area, are accepted on a space-available basis. Registrations are held in May and August and during the year as vacancies occur.

FARISH MEMORIAL

Farish Memorial is an off-base recreational area located in a beautiful mountain setting six miles northeast of Woodland Park, Colorado, and forty miles from the Academy. Facilities and equipment available at Farish include:

- Limited fishing supplies and refreshments
- Rental horses available during summer months
- Campground with electrical hookups
- Three lakes suited to trout fishing
- Children's playground
- Sleeping Lodge (by reservation only)

- Kitchen (for use of sleeping lodge guests only)
- Recreation Lodge (for use of sleeping lodge guests only)
- Pavilions, picnic tables, and barbeque grills
- Hiking and nature trails
- Cross-country skiing trails
- Primitive campgrounds
- Downhill snow tubing in the winter
- Ice skating in winter

Directions to Farish Memorial: follow US 24 to Woodland Park, turn right on Rampart Range Road at the Sheriff's Substation sign.

OFFICERS' OPEN MESS

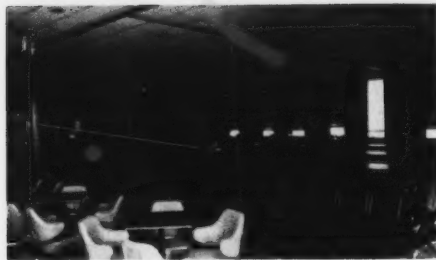

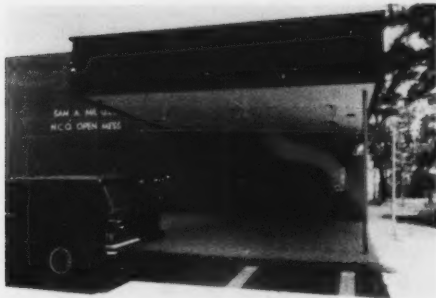

The Officers' Open Mess features a superb breakfast, lunch, and dinner menu. The most popular feature is the terrific Sunday brunch, with special brunches on Easter, Mother's Day and Thanksgiving. A large ballroom and two bars — the main bar and the casual lounge — as well as meeting facilities are available. Entertainment is featured in the dining room Friday and Saturday nights with top-name entertainment on special occasions. The club is open to Air Force officers and civilian employees, grades GS-7, WS-8, WG-12, WL-6, and above, including NAF equivalents. The club staff specializes in catering services, and facilities are available for special parties, wedding receptions, coffee socials, buffets, etc., for up to 500 guests. Highlights of the club include specialty nights such as Mongolian Bar-B-Que and two-for-one dinners, free hors d'oeuvres on Friday, table-side flambe cooking in the dining room,

membership night, membership ski trips, and many other benefits for the members. A popular function at the club is the weekly Falcon sports luncheon during the football season. The club also has an experienced chef, who provides the necessary expertise for a versatile and top quality menu. Members will find the Officers' Club an enjoyable place to dine and meet friends, and will always find the entire staff ready to serve.

NCO OPEN MESS

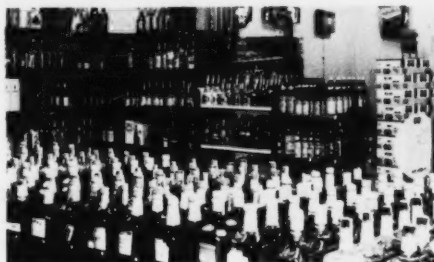

The Sam A. Milazzo Noncommissioned Officers' Open Mess offers dining, lounge, and recreational facilities for members. Membership is offered to all enlisted members assigned to the Academy and civilian employees, grades GS-6, WS-7, WG-11, WL-5, or below, including NAF equivalents. The club has two lounges, the main lounge and the Falcon lounge; a large ballroom; a dining room; and a game room. The dining room is open for lunch, Mon-Fri, and dinner Tues-Sat. The barbershop, Golden Shears, is also located in the building. Activities at the club include bingo, membership appreciation nights, top-name entertainment, dart and pool tournaments, and much more, including evening entertainment Wednesday through Saturday. A check cashing service is also available. Specials in the dining room feature Mongolian Bar-B-Q, two-for-one nights, all-you-can-eat Spaghetti nights, and the ever popular Sunday Brunch. There are lunch specials each day, including the 30-item salad bar. The club's cozy atmosphere provides a fantastic meeting place for members and their guests.

CLASS VI STORE

The Class VI store is located in the community center complex and has a complete line of bar and party snacks and supplies as well as a variety of alcoholic beverages and ice. A full range of domestic and imported beer and wine is also featured

at the store. Kegs can be purchased along with special orders of wine and alcoholic beverages. This facility is for active and retired military and their family members only.

CADET WING MWR PROGRAMS

Morale, Welfare, and Recreation programs for cadets are administered through the Directorate of Cadet Personnel Services (CWR), the Cadet Wing MWR NCO, and Squadron MWR clerks. A variety of social and recreational activities are offered by five divisions: Cadet Activities, Entertainment, Hostess, Media, and Extracurricular/Support. Arnold Hall (Bldg 2302) is the cadet social center, but it is also used for meetings and other functions. Many events are open to the Academy community, while others are for cadets and their guests only.

Cadet Wing policy currently stipulates that cadets may only use base MWR activities that are not provided in the cadet area. These include the Aero Club, Farish Memorial, Arts and Crafts Hobby Shop, Auto Hobby Shop, Wood Hobby Shop, Golf Course and Stables. Other areas are not authorized for cadet use except as approved by the Deputy Commandant for the Cadet Wing (CWD) and/or the Director of Cadet Personnel Services (CWR).

The directorate serves a dual purpose in that it represents USAFA MWR operations and functions as a student union which provides training and programs like other

colleges. Professional associations are maintained with the National Recreation and Parks Association; National Association of Campus Activities; Association of College Unions International; Association of College, University and Community Arts Administrators, US Institute of Theatre Technology, and the Rocky Mountain Arts Consortium.

CADET ENTERTAINMENT PROGRAMS

The Theater Variety Series, which began in 1983, presents touring productions ranging from Broadway plays to individual concerts. Previous shows have featured Burl Ives, the National Shakespeare Company, the Chinese Magic Circus, Shields and Yarnell, and Harry Blackstone, Jr's Magic Show. The series is open to the public and subscriptions are available. Admission is normally free for cadets.

The Entertainment Office also provides free tickets for cadets to attend local cultural events such as the Colorado Springs Symphony, Dance Theater, and Fine Arts Center performances.

The Cadet Activities Division conducts smaller scale free entertainment, primarily for cadets and their guests. This includes the Catch A Rising Star Series of up-and-coming campus circuit performers in a coffeehouse setting. The new Not Too Serious Series features comedians to help relieve the stress of cadet life. Special concerts and events such as cadet activities orientation, games night, and the cadet talent show are also conducted by this division.

The Entertainment Division presents major productions including concerts and plays. Most performances are held in Arnold Hall's 2900-seat theater. A professional theater staff and cadet stage crew support over 50 functions each year for various Academy agencies. The Allied Arts Society offers five to eight concerts a year featuring contemporary performers such as Charlie Daniels, Toto, Air Supply, Huey Lewis and the News, Greg Kihn, and Hank Williams, Jr. These shows are normally open to the Academy community and are funded by admissions and cadet pay deductions.

ARNIE'S CADET LOUNGES

Located in Arnold Hall, this complex features a full-service snack bar/cafeteria, pizza and ice cream parlors, disco lounge, television lounges, an amusement arcade and the 21 Club. The staff is responsible for Lawrence Paul Pavilion and the cadet recreation lodge, located in the hills just west of the cadet area. These facilities can be reserved by any Academy organization, although cadet groups have priority. Arnie's is open to faculty, staff members, and visitors for breakfast and lunch, and primarily for cadets evenings and on weekends. Services

include pizza delivery, Sunday brunch, and catering and special functions, such as luncheons and banquets. The 21 Club bar operates approximately three times a week in the upperclass lounge for cadets and guests age 21 and over. Live entertainment is often featured in the disco lounge and cadet DJ's conduct discos on weekends. Theme parties and dance contests are popular events. Arnie's also caters food and beverage support for squadron functions.

CADET RECREATION SUPPLY

This outlet is located in Sijan Hall and loans camping gear, picnic kits, and athletic equipment. The resale operation includes ski lift tickets, discount ski cards, and related items. Outdoor recreation information is also available. Items may be checked out on a weekly or week-end basis for a nominal fee. Group issues for cadet squadron trips or parties, as well as individual athletic gear, are loaned at no charge. Cadet Ski Club staff and members receive a discount on ski equipment. A reciprocal agreement with Base MWR Supply exists so if one facility runs out of skis, its patrons (cadets or assigned personnel) may use the other outlet.

CADET RECREATION COMPLEX

Located in the south corner of Arnold Hall, this activity operates an eight-lane bowling center, a graphics (T-shirt/souvenir) shop, the information ticket and tour (ITT) office, and two game rooms. The bowling center is used by the Cadet Bowling Club and for the cadet winter intramural program, as well as for open bowling. In addition, the lanes can be reserved by faculty and staff members for noon leagues and special functions. In the graphics shop, you can design your own T-shirts, plaques, and

novelty items. The ITT office conducts weekend tours for cadets and operates a 25-passenger bus, as well as arranging transportation for squadron trips and Christmas and spring breaks. Discount passes to local theaters and attractions are also available. The game rooms include ten game tables (pool, ping pong, foosball) and vending machines. Equipment can be checked out at the Arnold Hall Command Post.

CADET BARBER AND BEAUTY SHOPS

A barber and beauty complex is located in Vandenberg dormitory and another barbershop is housed in Sijan Hall. In addition to standard military haircuts, the shops offer permanents, hot oil treatments, relaxers, ethnic hair care, and manicures. Services are provided by appointment and are available to the faculty and staff members, although cadets have priority.

CADET WING MEDIA DIVISION

The award winning Polaris Yearbook and Talon Magazine are products of this office. Primarily staffed by cadets as an extracurricular activity, the media office also publishes the BCT Yearbook, a pictorial record of basic cadets' progression through summer training, the Contrails desk and wall calendars, and the cadet humor magazine, DoDo. The advisors and staff are also responsible for several photographic displays on the Academy, multimedia presentations to parents and cadet candidates, and publicity for other directorate activities.

CADET PARTICIPATION AND SUPPORT PROGRAMS

Three programs that provide interaction between cadets and the Academy community are overseen by the Extracurricular/Support Division and the CWD staff. The Doolie Dining Out, which is held during basic cadet training, assigns new cadets to hosts who provide a "home away from home" for an afternoon. The Fourth Class Sponsorship Program matches cadets with families who provide advice and a chance to get away from the hectic Academy environment throughout their four years. Both programs have a priority placement system; however, Squadron Air Officers Commanding (AOCs) may waive eligibility requirements on a case-by-case basis.

Many cadet squadrons also solicit squadron participants who assist the AOC with special functions and support the intramural programs.

The CWRS Division also supports AOCs and staff members by administering squadron and department funds which are used for social training. As the Directorate's accounting and administrative office, CWRS monitors three funds of more than 100 accounts and supports a variety of activities such as the Cadet Dining Hall special projects, the Fairchild Library copier system, and cadet newspaper subscriptions. In addition, the division handles all facility reservations for Arnold Hall and the Cadet Lodge.

CADET HOSTESS OFFICE

Unique to service academies, this agency advises cadets and staff on protocol and decorum issues and acts as a liaison with parents, future spouses, and other colleges. The hostess office provides decorum training as a part of professional military studies and conducts formal balls, dances, receptions, and "mixers" for practical application. Classes are also offered on a voluntary basis to teach cadets cooking, clothing care and selection, and social dancing. This office also publishes a party planning guide, decorum handbook, and a bride's cookbook. The Cadet Wing hostess is a "primary player" in several graduation week events.

CADET EXTRACURRICULAR ACTIVITIES

Approximately 75 cadet extracurricular organizations operate on the Academy to provide recreational, competitive, mission support, and professional activities for cadets. Staffed by voluntary OICs and CICs, these "clubs" are administered by various staff agencies while the Extracurricular/Support Division officially oversees the program.

The Amateur Radio, Archery, Caving, Film, Hunting, Magic, Military Science, Mountaineering, Musicians, Aviation and Ski clubs are recreational clubs.

Competitive clubs which represent the Academy in non-NCAA or intercollegiate events include Bowling, Chess, Women's Fast-pitch Softball, Forensics, Handball, Judo, Karate, Powerlifting, Racquetball, Rodeo, Men's and Women's Rugby, Women's Soccer, Women's Water Polo, Squash, Trap and Skeet, Volleyball, and various competitive flying teams.

Mission support activities include the Allied Arts Stage Crew, Cadet Wing Media Staff, Big Brothers/Big Sisters Club, Bluebards Drama Club, the Chorale and Choirs, Drum and Bugle Corps, Honor Guard/Rifle Drill Team, Saber Drill team, Fine Arts Club, Scuba Club, The Falconers, The Yell Leaders, and The Way of Life and Spirit Committees.

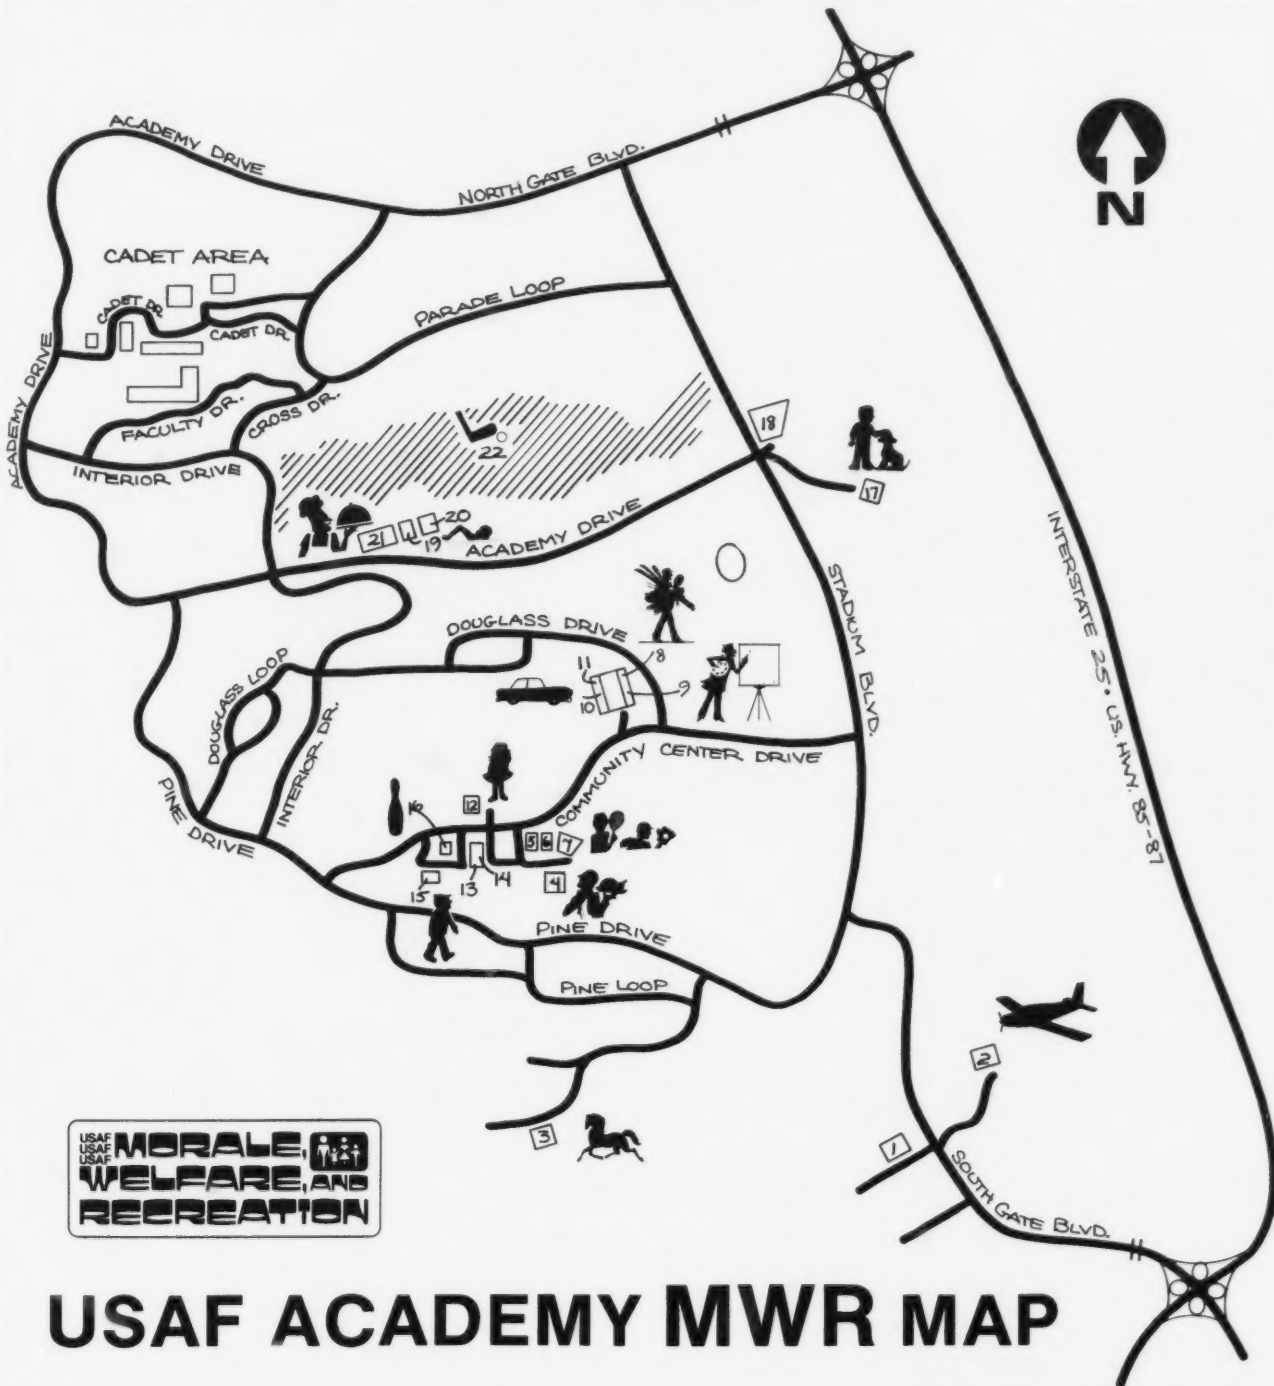

Professional activities usually support areas of the curriculum and are often affiliated with national organizations. The Arnold Air Society, Civil Air Patrol, Astronomy/Physics, Engineering, Computer Science, Biology, History, Enlisted Awareness, Foreign Languages, and Navigation Clubs are examples of this extracurricular category.

The Academy's extracurricular program has produced many award winners. In 1983, the Men's Rugby Team finished second in the nation, C1C Sam Wercinski was selected as a NCAA All-American Cheerleader, and several clubs won interservice trophies. The 1984-85 season was even better, with the Yell Leaders garnering NCAA Spirit and Top Team awards, the Trap and Skeet Team ranking fourth in the nation, the Forensic Club ranking first nationally, and the Judo, Karate, and Bowling teams taking interservice trophies. Among other awards, several all-region and all-American competitors were recognized.
